The Company will provide and maintain equipment and systems of work, which are so far as reasonably practicable safe and will provide such information, training and supervision as is necessary.

The Company will provide such resources as may be necessary to enable it and all its employees to meet their Health and Safety responsibilities and legal compliance.

The Company stresses its commitment to Health and Safety to the extent that where disregard to safe working practice by an employee seriously puts at risk the health of themselves or any person, this will be considered as gross misconduct and may lead to disciplinary action or dismissal.

This policy will be kept up to date, particularly as the business changes in nature and size. To ensure this, the policy and the way it has operated will be reviewed every year.
